COLTS NEWSLETTER – APRIL 2020

EVERYTHING IS ON HOLD

If life was normal, Good Friday would have seen us officially open up for another exciting cricket season. The weather over the past few weeks has been exceptional so all out colts teams would have commenced outdoor training in readiness for our West Devon League matches kicking off at the end of this month.

But sadly these are not normal times. With families contained at home, schools closed, sport suspended and social distancing measures being paramount, we are far away from any cricket being played at the moment.

At this time, the safety and wellbeing of all our members and their families is our main concern. We entirely support the measures our government have put in place. We are all staying at home to protect the NHS and save lives.

We will remain in contact with our membership and hopefully as the situation recovers, we will see a relaxation of restrictions to the extent that some normality will be resumed. Perhaps then, our governing body (ECB) will be able to authorise the commencement of some form of cricket being played. At this stage of course no-one can predict when that may happen.

For now we ask our members to stay at home, stay safe and stay in contact. Should you want to enquire about anything associated with the club then drop us a line cornwoodcc@live.com

We would like to use this newsletter to make sure you are up to date with a few other club matters, most importantly provide details of our team managers and coaches for the season ahead, should we be fortunate to get some cricket played.
